Even after one year it is still so hard to accept that Dr. B is gone from us. I had the good fortune to work for him for almost 20 years. He could tell by just talking to a patient what was the problem and if he said you had something - you did. One patient I remember came in with a sore thumb. After a few minutes of examining the thumb he said "you have ALS" (Lou Gerig's disease) He is missed by our community and in Perry, Fla. Thank You Dr. B. Jean Britton

My mother Patricia Dandridge and I are just devastated by the news of Dr. Mutnal's passing. We cannot even begin to express what his care and concern during my mother's health crisis meant to us. He took such good care of her and always took time to go above and beyond the healthcare, to CARING for her as a person. We absolutely adored Dr. Mutnal and are just sad to have lost him. Our thoughts and prayers are with his family and we will miss him dearly. So sad...

Both my husband and I are just devastated of learning of the passing of Dr. B. We were both patient of his and admired and love him so much. In fact my husband said we will never find another caring or compassionate man and doctor as we did with Dr. B. God broke the mold when they made him. Our thoughts and prayers go out to his wife, son and family members and to his so many friends and patients. Love and prayers Mary and Jerry Bennett of Three Rivers, Mi. God Bless all of you and mostly to God for creating such a wonderful man and doctor.

I knew Dr Basu Since my childhood. I grew up with his family. My and his family lived in the same street. Whenever Dr Basu came home from town, I would spend time with him. He was good fun. He had won a prestigious Prime Minister's National award for painting from Pundit Jawaharlal Nehru. He was a great friend. It was shocking news to hear Dr Basu Mutnal's passing away. He will be missed by me and our family. We hope time will heal the pain. Our heart felt sympathies are with Dr Lalitha and Dr Amar. Dr Ravi Sanikop and family. UK.
