It was such a pleasure and inspiration to know and work with Cody. He was constantly looking and finding ways to help everyone he came in contact with. I have never known anyone with a bigger heart than he had! He will be greatly missed here, but I am sure heaven is rejoicing. All my love to Shirley and family, Peggy Vause

Although I only had the opportunity to know you for a short of time, I saw and felt the kindness in you. and appreciated everything you did for me. I will always remember all the war stories we shared about the Air Force, golf and life in general. "Oh I have slipped the surly bonds of Earth and danced the skies on laughter-silvered wings; Sunward I've climbed, and joined the tumbling mirth of sun-split clouds, -and done a hundred things you have not dreamed of - wheeled and soared and swung High in the sunlit silence, Hov'ring there. I've chased the shouting wind along, and flung My eager craft through footless halls of air... Up, up the long delirious, burning blue I've topped the wind-swept heights with easy grace Where never a lark, or eagle flew ___ And, while with silent, lifting mind I trod The high untrespassed sanctity of space, -- Put out my hand, and touched the face of God" Thom Maratta

"You were such a good man, you will be missed greatly by so many, and such a good heart, we had so many good times together and glad we had those times. You are missed already, but so blessed to have such a loving family. We love you, such a good brother-in-law and a good brother. We have wonderful memories.

Cody, I told you before you passed that I loved you and you were my favorite Uncle and I will always love you. I am so blessed to have heard the same words to me in your weakness. You never complained and my memory of you is of a man who was like a Dad to me and would open your heart to anyone. I am so happy you were part of my life, and really happy I was able to come visit with you before you became ill. Love you so much and will miss you terribly, Patti J Peck-Thornton
