"When someone we love dies, it seems as if time stands still. And silence... a quiet sadness... often can be felt, not just heard, a longing for one more day... one more word... one more hug... And we may not understand why God chose to have him leave this earth so soon, or why he had to leave before we were ready to say goodbye, but little by little, we will begin to remember not just that he died, but that he lived. And that his life gave us memories too beautiful to forget. We will see him again someday, in a heavenly place where there is no parting. A place where there are no words that mean goodbye." Thinking of You, our friend, Jr, XOXO

I worked with JR at Sun Toyota for about 5yrs. I had just turned 21 when I started at Sun Toyota. It was my second week working there when JR approached me soaked from his knees down. I had test drove a Nissan 300ZX with a customer the night before. I forgot to put the T-tops back on and it rained all night. When JR went to open the door to the 300ZX about 2-3ft of water came rushing out. He knew I was the last person to drive that car. He told me to be quiet and he would take care of it basically saving my job. He was a great guy and I enjoyed working with him. I learned a lot from JR. He would always enjoy talking about his family. My thoughts and prayers go out to the Nigro family during this difficult and arduous time. RIP JR.

Junior, WE will never forget you Our friend- You were one of the first people that made me feel welcomed and who I connected with when I began working at Newport, we had a great bond. Both Tony and I are truly Honored and Blessed to have met you and call you, friend. We will cherish the memories and the times of our visits together. Your spirit was always glowing and you always had that infectious smile especially when we talked about your kids and how much you loved your family. The peace we have is knowing you are no longer in pain. You and your family will ALWAYS remain and stay close to our heart, thoughts and prayers. You are definitely an angel and now with God who will be watching over your family, loved ones and friends. You, our dear friend, Junior, will be greatly missed and loved.

I really enjoyed working with Junior at Sun Toyota. He always made me smile and laugh. He was a very caring person whom I liked talking to and being around. He always had the funniest stories to tell and he even recommended a few of his favorite cartoons that I should watch. He was right, I took his recommendation and found great humor in his cartoon picks. He will be missed and my sympathies go out to his family. May God's grace comfort you in this hour. You are in my thoughts and prayers, Carolann (La Placa) Ruppe

Jim, you were one of the nicest managers I got to work for at Sun Toyota. You always talked about your family, your kids and wife. Your daughter did dance, is what I can remember. I am praying for all of you who knew Jim and were touched by his life. He is in a better place now and he is no longer suffering. We never know when our last day is, so we should never take any day for granted. God bless you all.Sara Brandt

Yes, Elise danced for years but Jimmy was also part of the "dancing dads". He was such a loving and devoted father.

I was lucky enough to have two Fathers. My birth Father and then in 1978 my "other" Father Jim. He taught me to ride my bike, drive a car, taught me how to swim, taught me the importance of hardwork aand love me and my brother Joe just as much as he loved his own children Jay, Mike and Elise. He was there to coach me when I bought my first house, when I had my heart broken, to all the Birthdays and Holidays that he never missed in the later years. He introduced me to the car business in 1996, and taught me the ropes from A to Z and was always a wealth of information to me from a salesman and as a boy to a man. He was tough on us at times, but if he wasn't, i wouldn't be the man and father I am today. I was able and fortunate enough to be able to talk to him about anything, from when I was younger with questions about becoming a man, to if I had a problem with something with my house that I couldn't figure out. He was always there even if he wasn't right there. I miss you terribly Dad and you know I love you as you loved me. Rest in Peace. Matthew
