I remember Janet when she was my husband's dental assistant at Rockland State hospital and how dedicated she was to seeing that the clinic always was run properly. As my husband was Chief of the department she was the head of the assistants and as such really ran the department. Janet cared deeply for not only those she worked with but the patients that were being treated. She was a remarkable woman who did her job with not only efficiency but with respect for all and she in turn was appreciated by all those who knew her. Shirley K Miller

"To Sandy and Family, Janet was such a kind and caring person. I remember one time when she and I were little, we visited our aunt and uncle, at their summer home by the lake. They took a photo of us in a pair of uncle Bob's shorts, Janet in one leg, and I in the other. I have the photo and it brought a smile to my face. May those kind of happy memories comfort you over time, to replace the grief and pain you are feeling now. Love lives on! Joan(Knapp)Zazycki
