Larry William Walters passed peacefully September 16th at his home in Tarpon Springs, Florida with his wife, son and daughter at his side.

Larry was born at Booth Hospital in Covington, Kentucky on April 13, 1944. He was a graduate of Highlands High School and of the Ohio College of Applied Sciences (OCAS) college for engineering presently known as the University of Cincinnati College of Engineering & Applied Sciences.

Loving husband of 49 years to Judy (Brown) Walters, father to Wayne Walters, grandfather to Marina & Emma Walters, father to Wendi Walters (Steve) Evans, grandfather to Alex, Ashley & Ethan Evans. Larry was the only child born to Harold and Grace Walters, both now deceased.

Larry resided with his wife Judy at their homes in West Chester, Ohio and Tarpon Springs, Florida.

Larry retired in April 1999 at age 55 as President, CEO and Owner of The Long-Stanton Manufacturing Company, Inc.

As he would say...he was in the original singing group The Corvairs (US RnB group from Cincinnati active in the 1960s) with twins from from his class in high school and as soon as he dropped out as the singer, the group made a record and became famous.

Larry loved his family, friends, golf, his Corvettes, scuba diving and traveling the world. He enjoyed camping, boating as well as water and snow skiing.

He was a proud member of the Fort Thomas Corvette Club and served as webmaster. He was also a member of the Bay Area Corvette Club. Played on several men's and couple's golf leagues. Enjoyed his men's breakfast group, OBB (Old Beckett Bunch) dinner group and planning Corvette trips for both Corvette clubs.

I can't remember the class but Larry sat behind me in high school. He was always so much fun. I am so sorry. He was a great boy in high school and I am sorry we lost touch after we graduated. Please accept my deepest sympathy for the loss of such a great person.

Ernie and I have known Judy and Larry since 1978, meeting on a trip to St. Croix. They were outgoing and friendly and fun, as all who knew them can attest to. Through the years we kept in touch and came to know Larry. A kind, generous man who deeply loved his country, the veterans, and most of all his children, grandchildren, and devoted wife, Judy. He was an exceptional man. We will miss him. Ernie and Gloria Wemple

Larry was truly a great guy. A joy to be around and willing to join in to help a cause or just have a good time. He was such a sincere guy and let everyone know that they were special. He accomplished so much in his lifetime, never settling for standing still. He loved his cars. Don't believe I ever saw his Corvette dirty. I am sure that he is in heaven polishing all the gates, so they will SHINE, SHINE, SHINE. Heaven is a better place now that he is there. We will see you one day Larry, my good friend Love, Sue Clark BACC

Larry was my friend, a true friend who I knew could always count on. A friend that I completely trusted and will truly miss. In early 2001 immediately after we moved into our house in in Eagleridge, Judy and Larry welcomed us as their next door neighbors. We clicked right away and remained friends ever since. I never thought about buying a corvette until Larry "infected" me with the love for the car, In-fact, my first Corvette I bought was Larry's white with red interior 93. We have a lot of fun together going on a cruise together and many Corvette rides. Although we moved away, we visited each other many times and kept this great friendship. I will always have a special place in my heart for Larry, a friend like him come only once in a life time. On the surface, Larry was as tough as nails, but inside him was a very kind giving heart. When ever I get into my Corvette or when I see a Tesla on the road I will think of you. Rest in peace my friend.

I remember very fondly a stopover in Australia following a dive trip to New Guinea. I really wanted to go to the Sydney Opera House, but Larry was the only one game to go with me. I enjoyed dating Larry that night. We saw the Pirates of Penzance and had a great time. Also on that trip, the small group of us walked across the famous Sydney Harbor Bridge, and we found a quaint little pizza shop on the other side. We enjoyed a simple meal and walked back. Very memorable! The simple fact is that ALL of my memories of being with Larry are great memories. Never complicated, just fun. They're just simply great memories. He was just such a solid person, and a solid friend. I love you my dear friend. Every day's a Saturday!-Tad Draper
