I feel so bad when today I called the office and ask for an appointment! I got this horrible news.I have been patient with her for the past 6 years and she did save my life in 2019 from mistreatment. In Italy we say this :*"May the soil be light to you"*

She truly was a wonderful human being. She cared for the indigent. Her calling was real. I will surely miss you, Dr Shah. You took good care of my brother for over 20 years, always taking the time to ask how he was coping with life.

It is with much sadness that I write this note. Sadhana was such an exuberant and positive person, that it is very hard to comprehend that she is no longer in our midst. I was fortunate to have known her and her family since our Medical school days. She was a very strong person and incredibly helpful towards her family and friends. She was an exceptional physician. Sadhana will be greatly missed. Praying for her soul to Rest In Peace 🙏

My heart is broken to hear of the passing of my Dear Friend Sadhana, Sadhana has always been a true Earth Angel, always bringing her light and love to heal and comfort those that she knew and those that she met. It has been an honor and blessing to be a friend since 2007 when we met, Sadhana was the best friend anyone could have always wanting the best and sharing of herself. She will be greatly missed, yet I know that she is still here with her family and friends watching over and guiding us on our paths. Though I cannot be there with you all today I will keep the family in my thoughts and prayers. Sending love and blessings to Sadhana's boys and husband Ram, she truly has left a beautiful family and legacy.

I first saw Dr Shah in 1998. She was an excellent Doctor who really cared about her patients, over the years she had more than 100 patients of Greek descent from Tarpon Springs who all loved her. May her Memory be Eternal. Terry Targakis
