Shelly, there isn't a day that goes by that I don't think of you. We had a special bond together. I miss you so much. My life will never be the same since you were taking away. The very first thing that your partner Chris said to me at at your memorial was: She loved her pappy so much". I love you and miss you Shelly. Rest in peace.

We will always remember little Michelle as the very first best friend for our daughter Katrina when we moved to Tampa. The girls were in 2nd grade. She spend plenty of time at our house and Katrina at theirs. I can remember the kids wanting walkie talkies so they could talk to each other during the night. Such a sweet girl that will live eternally in my kids childhood memories. I pray the family is able to find comfort during this very difficult time. Love- Fitts Dietl Family

Sweet little Michelle! I'm not sure there was ever a time that I was around her that she didn't have her big beautiful smile on her face. You could see her gentleness and happiness anytime you looked into her big beautiful brown eyes. Michelle let her true happiness lead her way, and that is something we should all learn from her. Do what makes you happy. I am sending prayers to you all during this tragic time. Michelle's memories will live on through others and I have no doubt that she is shining in Heaven and playing with all the family's dogs that got there before her.

We called her "little" Michelle. She was a beautiful, kind and loving granddaughter. She loved her life and her puppies. Whenever she walked onto the room she always had a smile on her face. Never complained or had any mean words to say. She was a free spirit as one of friends stated. She did what she wanted and nobody could sway her otherwise. She was happy and for that I am truly grateful. Michelle will always be in my heart. When she left us she took a huge part of me with her. Michelle will be truly missed by all that loved her

I first met Michelle a few years back when my family and I visited Florida for vacation. She immediately made us feel welcome and played with my kids like she knew them forever. Michelle was so fun to be around and was always down for some good conversations. She had so much love for her entire family and was always a joyful person to be around. She lit the room up to say the least. Even though I only knew Michelle for a short while, I felt like I knew her forever. She will be forever missed. I pray that her family finds peace in their hearts and know Michelle is smiling down.

My family and I lived next door to Michelle and her family for many years. I recall my first memory of the pretty little brown-eyed girl that moved in next door who would spend much of her childhood living next door. I remember watching her come over to play with my son Cristian (she was Cristian's first friend in the neighborhood). She always treated Cristian like the big sister he never had and I appreciated that more than she will ever know. Michelle was a kind, loving soul. Her smile and big, brown eyes remained ingrained in your heart and even to this day, they still do. May you rest in peace, Michelle.

Michelle was only about 7 or 8 when we first met her and she's always been a lovebug, quick with a tight hug and so much love to give. As a young adult, she poured that love into her beloved pets as she began to make her way in the world. The loss of her so young is beyond comprehension, a tragedy impossible to make sense of. My heart aches for her and her loving family. Remembering her fondly always.
