Matthew Jensen Narkier

SEP 15, 2000 - JAN 25, 2024

In loving remembrance of Matthew Jensen Narkier, a cherished young life lost too soon. Matthew, age 23, passed away January 25, 2024, after a courageous 3 year battle with leukemia. His strength and resilience left an indelible mark on all that knew and loved him. He found joy in the company of his family and his many friends. Matthew loved many hobbies that illuminated his days including cars, target and skeet shooting, working out, fishing, lobstering, and boating. The quote by Wayne Gretzky, "You miss 100% of the shots you don't take," delivered by Michael Scott, a character in one of Matt's favorite TV shows The Office, exemplified the actions he took as he sought a cure working with the doctors at St. Joe's, Moffitt, and MD Anderson.

We loved Matt more than all the stars in the sky. Let us honor his memory and celebrate the joy he brought to our lives. He touched the lives of many in more ways than he will ever know. May he find eternal peace. Visitation, funeral service, and gravesite burial is scheduled for Monday, January 29, 2024 at Trinity Memorial Gardens. Brian Moon from Church of the Suncoast will officiate. Visitation begins at 8:30 am followed by a funeral service at 9:30 am and graveside burial immediately following.

Whose lives have forever been changed by the existence of your light that has shone on our darkness. May you rest in peace and be with all those you have come to love in life.

Words cannot begin to explain how deeply saddened I am by your loss. Losing someone close is hard, but it is even harder to lose an extension of yourself. Matthew was such a wonderful boy growing up and I could only imagine the great young man he had become. Although he's gone in the physical, I am most certain that his love and spirit will forever be with you and your wife. I am so sorry for your lost. My condolences go out to Matthew's entire family and friends, as you all go through this transition. I am praying to God for your strength, your comfort and your peace. 🙏

Matthew attended the same martial arts school as my son, Cody, and both were part of the same graduating class at PBHS. Yet it wasn't until after graduation that their paths crossed again - this time through mutual friends - and were able to develop a deeper friendship. The impression Matt left upon him and seemingly on all of Matt's friends was profound. There are those unique individuals in life who don't require decade after decade to leave a lasting and meaningful legacy. Those special individuals, like Matthew, have achieved the seemingly unattainable – earning the highest level of respect, love and admiration from others, yet in the shortest amount of time. Matt's legacy of courage, compassion, determination and resilience has already begun and will continue to grow as reflected in the actions of his friends and family. My thoughts, and those of our family, are with you all. Juli MacDonald

Matthew was a gift to anybody who knew him. He could make anybody laugh with just being himself. He fought harder than anybody could. He never gave up, always kept his chin up and shocked every doctor that treated him. Matthew was always determined to do his best, never once did he say "why me" which shows tremendous character. Mark and Jen have truly raised one of the best human beings I have had the pleasure to know. Matthew was one of a kind, I don't know anybody like him. He is so special to so many people. He was one of Gods greatest gifts to anyone who knew him. Matthew came into my life, and changed how I look at life for the better. I will hold his memory with me forever. May he rest eternally in peace forever, fly high Matthew, until we meet again some day. As he would say "hopefully not soon, I want you to enjoy your time here".

So many countless memories of Matt over the many years . Watching him grow up along side all of my children I could have never imagined that the same kid who would run away screaming every time we tried to apply sun screen while at the beach would be the same person years later to teach me so much. I have never been more inspired than I have been by Matt . His kindness and willingness to put others first while going through the absolute hardest fight of his life will always remind me to not let your situation change who you are as a person. His drive and strength to always believe and always fight is an inspiration to anyone who knew him. It was that strength and never give up attitude that not only keep him in our lives longer than any doctor had predicted but it was that same attitude that will keep him in our lives and hearts forever . This is a terrible loss to anyone who's lives were touched by Matt but I truly believe with all of my heart that this world along with the all of us left to morn and miss Matt have been blessed beyond anything words can ever explain . Thank You Matt For all of the blessings you have bestowed on my family and on anyone who knew you . Thank you Matt for teaching me and anyone who knew you how to see life , how to treat others, how to fight for what you believe in and most of all how to never give up.You will not be forgotten, you will always be in our hearts and you will serve as an inspiration to all of us to stay positive, live life , and always fight the good fight .
