Dear Tio Mario, It's hard to find the right words to express how much you meant to me and how deeply I miss you. Though you're no longer here with us, I feel your presence in my life every day, and I wanted to take a moment to share some thoughts with you. Your kindness, wisdom, and unwavering support have shaped me in ways I am only beginning to understand. I cherish the memories of our time together—the stories you told, the laughter we shared, and the lessons you imparted. You had a unique way of making everyone feel special and valued, and I am grateful to have experienced that firsthand. I often find myself thinking about the advice you gave me and the many times you helped me navigate the complexities of life. Your guidance continues to be a source of strength and inspiration. I strive to live up to the example you set, to be as generous, thoughtful, and caring as you were. There are so many moments I wish I could share with you. I want to tell you about my accomplishments, seek your counsel during tough times, and simply enjoy your company. Your absence has left a void, but I find comfort in the belief that you are watching over us, smiling at our successes and supporting us through our challenges. Too Mario, your legacy lives on in the love and kindness you showed to everyone around you. I promise to honor your memory by carrying forward the values you instilled in me. Thank you for being a constant source of love, wisdom, and inspiration. Until we meet again, you will always hold a special place in my heart. With all my love, Olwin Ortiz

Tio Mario... words can't describe how much you are going to be missed. Thank you for leaving us with so many beautiful memories to cherish for days to come. I will forever remember the countless times you tried to teach me chess when you lived on 19th street and how unsuccessful that was lol. Because still I do not know nothing aside from it being the game with the white and black pieces. You were my grandpa Angel's BEST FRIEND and never left his side, you literally stood beside him to the very end and there is no doubt in my mind that he was right at Heaven's gates open armed welcoming you in. I love you so much Tio Mario. Watching boxing now will always have you on my mind because nobody was more excited about a fight night than you. Rest peacefully on the other side pain free.
