An obituary is forthcoming. Please check back at a later date for further information.

Afterglow: I'd like the memory of me to be a happy one. I'd like to leave an afterglow of smiles when life is done. I'd like to leave an echo whispering softly down the ways, Of happy times and laughing times and bright and sunny days. I'd like the tears of those who grieve, to dry before the sun; Of happy memories that I leave when life is done.

Dennis was one of the best friends I could ever imagine having. No judgement, just love and caring. He would tease people with a big hearted laugh, but if anything ever turned serious he was always the first one willing to help others out. For everything we ever experienced together...I love you Dennis and I miss you terribly already.
