Murry N. Fisher

AUG 16, 1940 - MAR 2, 2026

Murry Neil Fisher August 16, 1940 – March 2, 2026

It is with profound sadness that the family of Murry Neil. Fisher announces his peaceful passing on March 2, 2026, at 85.

Son of the late Murry and Christina Fisher. Beloved husband of 62 Years to Nelda J Fisher; Loving father of Cheryl (Tim) Lynch, Karrie (Matt) Peters, and Kellyanne (George) Villalobos; grandfather of Mason (Tayler) Lynch, Clayton Lynch, Madison and James Peters, (the late) Vincent and Adrian Villalobos; great-grandfather of Reid Lynch, brother, uncle, and friend to many.

Born in Wardell, MO, Murry along with his family moved to the city of St. Louis, MO when he was 4. He spent his youth playing baseball with his friends after school. At a young age, Murry found his first love, cars. His love of things with a motor, soon lead to his next passion, boating. Little did he know that this love of boating would lead to meeting his future bride, Nelda. Later, the two married and have been together ever since.

Murry was a naturally gifted artist which led to his love of engineering and creating. He had an incredible work ethic and if he did anything it was going to be as close to perfect as he could get. Murry was proud of all his achievements, but what brought him the most pride was his family. He loved his family, blood related or three times removed, it did not matter, family is forever. Being one to never give up, there wasn't a challenge he could not overcome. Some may call it stubbornness, but he always put up a fight and fought until the end. As he would always say, "I've been fighting to stay alive since the day I was born".

Murry is survived by his wife, Nelda; his children Cheryl, Karrie, and Kellyanne; grandchildren, great-grandson, nieces, and nephew. His compassion, warmth, sincerity, wit, and enduring spirit will be deeply missed by all that knew him.

I first met Murry in early 1960s I was 11 or 12 and learned he was a Draftsman. I thought it had something to do with the military. Murry was eager to offer advise particularly with Cars and Careers . Five years later I bought my 1st car 1963 Chevy BelAir. Murry and Nelda had a Black 57 Chevy and Red 63 Chevy Super Sport and he gifted me a nice set of SS Hubcaps. Around that time I enrolled in 2 year Tech School for Engineering Drawing so I could be a Draftsman also. Another 5 years after that Murry and I were sitting side by side taking additional Mechanical Engineering courses at local Community College. We occasionally crossed paths after that when I became a packaging Engineer and would work on packaging requirements for some of the Industries where Murry worked in Engineering. He and Nelda moved on from the St Louis area and when I was lucky enough to see them 2 or 3 times over the next 30 years we would catch up on good times. I will miss those visits , friendship and guidance.

Some of our best memories and great times were with Murry and Nelda. Weekends drinks on the dock to visit or a boat ride to go find a spot where there was a band playing. Murry would be out everyday on his custom golf cart cruising the neighborhood to find a friend to catch up on whats going on that day. Murry kept everything he owned detailed and immaculate. Wether it was their lawn or the boats and cars. He always had great stories and wanted to know how you were. We enjoyed so many laughs together. Buddy you will be dearly missed.

Salem Village, Palm Harbor, Fl 2007 was the beginning of our friendship with the Fisher's. We were neighbors. Snowbirds. They lived in the Ozarks. We lived (still do) Nebraska. They had the prettiest home on the block! Garage door swung open at 5 and neighbors trickled in for happy hour. The best of times-parties, dinners out and meeting their friends. Murry had a smile that made you feel good and everyone was his "Buddy". He had so many passions in his blessed life that he loved to share in stories. Murry is back in his Cadillac with the Lord by his side, big smile and waving. Nelda had courage, determination and remained steadfast through it all with her family by her side. We will miss you buddy! With fondest memories-Lew and Deb Doane, Omaha, Ne

Fred Pflueger lit a candle in honor of Murry.

We meet Murry and Nelda when we first moved into Heritage Springs at a Veterans Day Celebration. This started a long friendship with many fun dinners together and sharing stories of our boating days. Murry and myself were on the same page with stories about our boating days and the cars we owned. We shared family memories together and Murry always showed the love for his family. Murry always enjoyed our village ROMEO luncheon and always left us with a funny story to tell. He once ordered a jalapeño burger at one of his favorite restaurants. Boy was he surprised when he took a bite. We all have remembrance of that outing. He was my best buddy for all these years. I will miss our days together and as we say in the Navy we wish MurryFair Winds and Following SeasThe Pflueger Family

I didn't have the privilege of knowing Murray/Papaw as long as many others did, but I'll always remember how much he loved sharing stories about Clayton and the summers they spent together at Lake of the Ozarks. You could see how proud he was and how much those memories meant to him. Sending prayers and love to his family during this difficult time. May he rest in peace 🙏

Murry was such a sweet man. He always had endless stories to tell us everytime we visit him and Nelda. His smile always left me smiling and wondering what he was thinking. He always made sure we went to his favorite restaurants and introduced us with tons pride in his voice. Nelda was his true love and he didn't miss an opportunity to show it. He always said she was his reason for being here. My goodness he was a great man. We love you Murry and Nelda, Tim and Lisa Fain

My Uncle Murry was bigger than life !!! He was like a Father to me. He was always there for me giving me advice and letting me know how much he loved me ! Even though there was distance between us i talked to him often. We have had some really good conversations. When Paul had heart failure he called everyday to check on him. Sometimes 2 and 3 times a day. The day before he passed I was able to let him know how much I truly did love him and he told me that he knew I did. He will be greatly and deeply missed. He truly loved us all !!!Your work on earth is done Uncle Murry. May you finally rest now.Cindy
